REBUTTAL TO ARGUMENT AGAINST MEASURE \_\_\_\_\_

Highland's long-term vision for the future is the HARMONY development! Development brings jobs, businesses and families who want a safe place to live.

Traffic: Infrastructure is driven by development; street improvement is the outcome on all levels. In the future more electric vehicles and mass transit will resolve many of our air quality issues. Greenspot Road improvements, along with many others, will be made prior to first resident moving in!

Water: The Sterling Resource Center will increase available water to meet the needs of Harmony and all of Highland.

Public Safety: Police service is measured by RESPONSE time, NOT number of officers! The Highland Police Department beats the average response time for calls for service county wide. Don't be fooled by national *staffing* levels. Harmony will lower response time by creating an eastern dispatch point. Highland has three staffed fire stations. Harmony will build station four.

Schools: Highland is served by both the San Bernardino and Redlands School Districts; both districts have always expanded to meet the needs of the student population within the city. Harmony will build an elementary school on site.

Loss of Open Space: Orange County owns the land. It's guaranteed they will do *something* with it. The Harmony plan is developing and preserving over 800 acres for parks, trails and open space.

Don't be guided by outside influences preying on emotions.
