Please join us to learn more about the project and upcoming detours coming soon to your area!

There will be no formal presentation. Staff will be on hand from 6:00PM-8:00PM to answer your questions. Please come at the time that is most convenient for you.

Facebook Live will also be available on the San Bernardino County Transportation Authority (SBCTA) Facebook Page.

**PROJECT INFORMATION**

The SR 210 Lane Addition/Base Line Interchange Project is designed to provide increased traffic flow throughout this corridor. To eliminate the existing bottleneck and provide lane continuity, the SR 210 will be widened from Sterling Avenue to San Bernardino Avenue in the cities of San Bernardino, Highland, and Redlands, as well as an unincorporated portion of San Bernardino County. Base Line Interchange will also be widened from Buckeye Street to Seine Avenue in the City of Highland, which will include widening three of the four interchange ramps.

For questions, please call 877-55-SBCTA or email info@gosbcta.com

Visit gosbcta.com/210baseline for updates and to sign-up for future project announcements.
