

City of Highland Weekly Report

January 29, 2015

First 2015 Blood Drive was a Success! Mark your Calendars for the Next One 3/23

Volunteer Services

Blood Drive was a Success... This past Monday, January 26, 2015, the City of Highland in cooperation with LifeStream hosted its first blood drive for 2015 at the Highland Police Station.

The demand for blood never stops. We need to collect at least 600 units of blood a day to ensure that our local hospitals get the lifesaving treatments they need. Giving blood provides community members with the opportunity to contribute a lifesaving donation. Due to our wonderful community donors, Highland brought in 41 registered donors. With only 4 deferrals, our blood drive was able to bring in 37 units of blood for the community!

The success of our blood drive wouldn't have been possible without the help of our wonderful volunteers, Mary Rose Ballejos, Pearl Crump, Genevieve Davis, Eileen Gutierrez, Ron Hopson, Audrée Kraemer, Jeri Rich, Ada Scott, Briana Villanueva, Sylvia Yzaguirre, our newest committee member Claire Remai and the fabulous staff from LifeStream. A special thank you goes out to the Highland Police

Department for providing us with the Community Room and for their hospitality during the blood drive.

Mark Your Calendar! The next community blood drive is set for Monday, March 23, 2015. Please join us to increase blood donations in Highland!

Please contact Volunteer Services Coordinator, Denise Moreno, with any questions or for more information regarding the Highland Blood Drives at 909-864-6861 extension 203.

Community Development

Community Oriented Problem Solving (COPS). One of the unique functions of the Community Development Department is to facilitate the Community Oriented Problem Solving program, or COPS. The COPS program was derived from the Community Relationship Resolution Action Plan adopted by the City Council in 1996. The Action Plan included the framework for the creation of the City's existing Public Safety Subcommittee and the Youth Accountability Board.

The Action Plan contained three (3) main objectives: 1) reinforce a corporate culture that values sensitivity to human distress; 2) encourage police officers to cultivate resident support through person to person contacts and problem solving assistance; and 3) develop an integrated community resource base. From the latter came the creation of the COPS Breakfast Club. The COPS Breakfast Club is an informal breakfast meeting on the first Friday of each month of anyone interested in the current activities of the COPS Program. Those attending on a regular basis are the Public Safety Subcommittee members (2 appointed Council members), the Chief of Police, the Fire Chief, the Community Development Director, the Assistant Public Works Director, School Principals, and other representatives from several schools in the City.

The COPS philosophy was/and is simple - create a program designed to foster links between law enforcement and the Community... in an environment that also fosters solutions to community problems. The COPS Breakfast Club continues to meet on the first Friday of each month with various school sites hosting the meetings. The next COPS meeting will be held at Beattie Middle School. For more information on this unique City program, please contact Brandy Littleton at Ext. 214.
