

# City of Highland Weekly Report

August 25, 2016

Join the **Highland Improvement Team** on **Sunday, September 11<sup>th</sup>** as we dedicate our monthly project to the National Day of Service.

This special day of service and remembrance was launched in 2002 by 9/11 family members and support groups who worked to establish the charitable service day as a forward-looking way to honor the sacrifice of those who were lost and those who united in response to the tragedy. It is a way to remember the lives of those lost, pay tribute to those who rose in service, and honor those who continue to serve our country today.

Everyone is encouraged to serve on this day. All types of service are encouraged, especially those that connect participants to ongoing opportunities to serve through-

out the year and that support veteran and military families.

The Highland Improvement Team will be participating in a community litter abatement project as well as writing letters of appreciation to service members and first responders through the project Operation Gratitude.

## **HIGHLAND IMPROVEMENT TEAM**

Operation Gratitude sends 200,000+ Care Packages each year to Deployed Troops, Veterans, New Recruits, First Responders, & Wounded Warriors. Of all the items included in these packages, the most cherished are the personal letters of appreciation.

Their mission is to lift the spirits and meet the evolving needs of our First Responder, Active Duty, and Veteran communities and to **ensure that all who serve know that his or her sacrifices are APPRECIATED.**

Our goal is to include several letters and colorful drawings that can be added to Care Packages distributed by Operation Gratitude. Supplies will be provided, but you are more than welcome to bring any extra markers, stickers, specialty paper, etc. that you would like to use. They ask that **no glitter** be used.

Join us for this special HIT project on **Sunday, September 11, 2016 from 8:00am to 12:00pm.** The litter abatement will take place in the first half of the day from 8am to 10am and we will conclude the day writing letters and cards from 10am to noon. Please join us! Contact Denise Moreno, Volunteer Services Coordinator, for more information or to sign up at 909-864-6861 ext. 203.

# Emergency Preparedness

## Emergency Preparedness Family Communications

Your family may not be together when disaster strikes, so plan how you will contact one another. Think about how you will communicate in different situations.

Complete a contact card for each adult family member. Have them keep these cards handy in a wallet, purse or briefcase, etc. Additionally, complete contact cards for each child in your family. Put the cards in their backpacks or book bags.

Check with your children's day care or school. Facilities designed for children should include identification planning as part of their emergency plans.

## Family Communication Tips

Identify a contact such as a friend or relative who lives out-of-state for household members to notify they are safe. It may be easier to make a long-distance phone call than to call across town, so an out-of-town contact may be in a better position to communicate among separated family members.

## Family Emergency Preparedness Plan

Be sure every member of your family knows the phone number and has a cell phone, coins or a prepaid phone card to call the emergency contact. If you have a cell phone, program that person(s) as "ICE" (In Case of Emergency) in your phone. If you are in an accident, emergency personnel will often check your ICE listings in order to get a hold of someone you know. Make sure to tell your family and friends that you've listed them as emergency contacts.

Make sure family members know how to use text messaging. Text messages can often get around network disruptions when a phone call might not be able to get through. For more information, please visit [www.ready.gov](http://www.ready.gov).
