## Weekly Report

August 27, 2015

## Repete's Wisdom of the Week

### Labor Day Holiday Trash Pickup

Burrtec Waste Industries, Inc. and Cal Disposal Co. Inc. will be closed on Monday, September 7, 2015 in observance of Labor Day. Therefore, trash, green waste and recycling collection will be delayed by one day. Your regularly scheduled collection services will resume the following week. Please keep in mind that street sweeping will also be delayed by one day as well.

Labor Day Holiday Schedule is as follows:

**If regular pickup day falls on:** Monday, September 7  
**Trash will be picked up on:** Tuesday, September 8

**If regular pickup day falls on:** Tuesday, September 8  
**Trash will be picked up on:** Wednesday, September 9

**If regular pickup day falls on:** Wednesday, September 9  
**Trash will be picked up on:** Thursday, September 10

**If regular pickup day falls on:** Thursday, September 10  
**Trash will be picked up on:** Friday, September 11

**If regular pickup day falls on:** Friday, September 11  
**Trash will be picked up on:** Saturday, September 12

Should you have any questions regarding the holiday delay of collection services, please contact:

- Burrtec at (909) 889-1969
- Cal Disposal at (909) 885-1023
- City of Highland, Public Services Division at (909) 864-8732 ext. 271

# VOLUNTEER SERVICES

## HIGHLAND IMPROVEMENT TEAM

The Highland Improvement Team will be back in action this month. Our September HIT cleanup is scheduled for Saturday, September 19th from 8:00am to 12:00pm (noon). Interested volunteers are asked to meet and sign-in at Highland City Hall (27215 Base Line) the morning of the cleanup from 7:30am to 8:00am. All volunteers will depart City Hall for the cleanup at 8:00am. REMINDER: all volunteers are required to provide their own transportation to and from each cleanup site.

The Highland Improvement Team is always accepting VOLUNTEERS to join our team. Volunteers of all ages are welcome! Everyone and anyone is always invited to join us...come out and support the Highland Improvement Team and see what we are all about! If you would like to do your part to keep Highland a clean and beautiful place to live...Volunteer with the Highland Improvement Team!

Contact Volunteer Services for more information at 909-864-6861 extension 203.

## BLOOD DRIVE

Join the Highland Blood Drive Committee! The next meeting is just around the corner and we are recruiting for new members! We need dedicated volunteers to join now. Everyone and anyone can volunteer.

Committee members are asked to dedicate time to recruitment meetings and blood drives. Both occur once every other month. The recruitment meetings are held two weeks prior to each blood drive. During the meetings the committee meets with our designated LifeStream representative. During the meeting we go over statistics and goals and any new and pertinent information from LifeStream. It is at this time that volunteers receive flyers to post and distribute around the committee to promote our upcoming blood drive.

Blood drives are held six times per year in January, March, May, July, September and November. During the blood drives, volunteers assist with registration and run the canteen. In the canteen, volunteers are responsible for keeping donor wait time, refreshments and assisting LifeStream staff with additional help where needed.

If you are interested in volunteering and this sounds like fun please join us at our next Blood Drive Committee meeting. The next meeting is scheduled for Monday, August 31, 2015 at 4:00pm at Highland City Hall - 27215 Base Line. Please contact Volunteer Services for more information at 909-864-6861 ext. 203.

## FINANCE

### ***Commercial Business License Applications***

There were no new commercial Business Licenses for the week of 8/24/15 to 8/15.

## Engineering

### ***Sewer Construction Begins on Old Greenspot Road***

Beginning Monday, August 31, 2015, East Valley Water District's contractor will be installing approximately 853 lineal feet of new 12-inch sewer bypass pipeline in Church Street (Greenspot Road to Old Greenspot Road), Old Greenspot Road (Church Street to approximately 180 feet west of Cortez Street), and Greenspot Road crossing the eastbound lanes to an existing manhole.

Flag persons will direct traffic on Old Greenspot Road between the hours of 7:00 a.m. to 3:30 p.m. In order to avoid the morning commuter traffic, construction on Church Street and Greenspot Road will not start until 8:15 a.m. There will be lane closures on Greenspot Road and Church Street between 8:15 a.m. and 4:15 p.m., Monday thru Friday. Although these roads will remain open for traffic, delays are expected. Residents will have access to their homes at all times during construction. This EVWD project is anticipated to be completed within six weeks.

# ADMINISTRATION

## Emergency Preparedness - Water

In a disaster, water supplies may be cut off or contaminated. Store enough water for everyone in your family to last **for at least 3 days**.

- Store one gallon of water per person, per day. Three gallons per person per day will give you enough to drink and for limited cooking and personal hygiene. Remember to plan for pets.

### If you store tap water:

- Tap water from a municipal water system can be safely stored without additional treatment.
- Store water in food grade plastic containers, such as clean 2-liter soft drink bottles. Heavy duty, reusable plastic water containers are also available at sporting goods stores. Empty milk bottles are not recommended because their lids do not seal well and bottles may develop leaks.
- Label and store in a cool, dark place.
- Replace water at least once every six months.

### If you buy commercially bottled “spring” or “drinking” water:

- Keep water in its original container, and don’t re-store a bottle once it’s been opened.
- Store in a cool, dark place.
- If bottles are not marked with the manufacturer’s expiration date, label with the date and replace bottles at least once per year.

### Treating Water after Disaster:

If you run out of stored drinking water, strain and treat water from your water heater or the toilet reservoir tank (except if you use toilet tank cleaners). Swimming pool or spa water should not be consumed but you can use it for flushing toilets or washing.

### Treatment Process:

Strain any large particles of dirt by pouring the water through layers of paper towels or clean cloth. Next, purify the water one of two ways:

- **Boil** – bring to a rolling boil and maintain for 3-5 minutes. After the water cools, pour it back and forth between two clean containers to add oxygen back; this will improve its taste.
- **Disinfect** – If the water is clear, add 8 drops (1/8 teaspoon) of bleach per gallon of water. If it is cloudy, add 16 drops (1/4 teaspoon) per gallon. Make sure you are using regular bleach— 5.25% percent sodium hypochlorite— rather than the “ultra” or “color safe” bleaches. Shake or stir, then let stand 30 minutes. A slight chlorine taste and smell is normal.

For more information on disaster preparedness, please visit [www.ready.gov](http://www.ready.gov) or [www.72hours.org](http://www.72hours.org).
